**Posh Lab Celebrating Casual Day**

**Voucher month!**

specials during the month of September 2017. Please have a look! All our specials are linked to our Client Loyalty System where you can apply pamper points earned immediately to pay less or keep them as credit for a future visit!

**Be stylish in your own way**

Our own Qualified Image Consultant, Sharlien Nel, is giving some useful tips on how to get your wardrobe ready for the new season!

*“When you buy an item make sure it Mix & Matches with at least 3 other items in your closet, that way you are sure to have 3 Ready-to-wear outfits!*

*Spend more money on the items you wear “under” like your pants, underwear and shoes and when it comes to the items you wear “above” for example tops, jackets & sweaters go for cheaper options. The main reason for this is when you talk to someone they are more likely to remember what top you wore rather than what your pants or shoes looked like, which means you will not be able to wear that top as much as you would wear those pants. Sounds like a waste of money and effort, doesn't it?!*

*When you are buying those quality pants, shoes or underwear opt for Natural colours that can mix easily with everything else in your wardrobe.”*
